Policy:
The purpose of the Greater Grafton Medical Reserve Corps is to assist with and provide community support for emergency or non-emergency situations in the fourteen communities listed above that are covered by the unit.

Procedure:
1. Representative from community’s health department /Central Mass Regional Public Health Alliance or emergency management contacts MRC Coordinator or Administrative Assistant if Coordinator not available.
2. Information that should be gathered by requestor before contact (see attached request form).
   A. Date and time needed
   B. Requestor’s name and title
   C. Address/Location of event
   D. Point of Contact at event
   E. Type of Event
   F. Volunteer Info
      a. Type of volunteers needed (medical/non-medical)
      b. How many of each
      c. Professions and skills needed
d. Duration of Shift(s)
e. Additional info (meals, supplies, lodging, transportation, parking etc)

G. Directions

3. Coordinator will contact members through the MA Responds system or other determined means if necessary and report back to requestor ASAP in the case of an emergency or at a designated date and time for a community event.

4. Other Region 2 MRC Coordinators or their designees should follow same procedure to request assistance. If the ESF-8 desk is activated, the state protocol should be followed.

Last Revised December 2019
Policy:

The purpose of the Wachusett Medical Reserve Corps is to assist with and provide community support for emergency or non-emergency situations in north Worcester County.

Procedure:

1. A representative from the community’s health department or emergency management team will contact a member of the Wachusett MRC Executive Committee to request volunteer help.

2. Information to be provided with the request:

   A. Date and time needed
   B. Requestor’s name and title
   C. Address/Location of event
   D. Point of Contact at event
   E. Type of Event
   F. Volunteer Info (see attached request form)
      a. Type of volunteers needed (medical/non-medical)
      b. How many of each
      c. Professions and skills needed
      d. Duration of Shift (s)
      e. Additional info (meals, supplies, lodging, transportation, parking etc)

   G. Directions

3. The contacted Executive member will request Wachusett MRC members through appropriate means determined by the request which can include but not be exclusive to phone, email, social media or the MAResponds system contact methods. Wachusett will report back to the
requestor as soon as possible in the case of an emergency or at a designated date and time for a community event.

4. Other Region 2 MRC Coordinators or their designees will follow similar procedures for requests of assistance. If the ESF-8 desk is activated, the state protocol should be followed.

Last Revised December 2019
Deployment Protocol - Emergency and Non-Emergency Requests

Policy:
The mission of the Worcester Regional MRC is to provide medical and non-medical volunteer services to cities and towns in Central MA (Public Health Region 2) to supplement existing resources in the case of disasters or in non-emergency situations.

The Worcester Regional MRC (WRMRC) is not a first responder organization and it is not within WRMRC capability to respond within minutes of an event. Although there may be circumstances when a rapid response is needed, the WRMRC must first send out a volunteer notification in order to coordinate a response. It is our goal to provide support in the first few hours of an event upon request.

Procedure:
1. A representative from a community’s health department or emergency management will contact Lois Luniewicz (508-450-4226) or one of her alternates listed in order below with a request for volunteers.

Please include (see attached request form):
A. Date(s) and time(s) needed
B. Requestor’s name and title
C. Address/Location of event or requested response
D. Point(s) of Contact at deployment site
E. Type of Event
F. Volunteer Info
   a. Type of volunteers needed (medical/non-medical)
   b. Number of each needed
   c. Professions and skills/specified training needed
   d. Duration of Shift(s)
e. Number of anticipated shifts
f. Length of each anticipated shift
g. Additional info (meals, supplies, lodging, transportation, parking etc)

G. Directions
H. Condition of access roads
I. Will special clearance be needed for entry

2. Coordinator will contact volunteers through the MA Responds system or other determined means if necessary and report back to requestor as soon as possible in the case of an emergency or at a designated date and time for a community event.

3. If for any reason the WRMRC is unable to provide enough support, the coordinator will then reach out to other MRC units within Region II.

4. If support is needed beyond Region II, the WRMRC will follow State protocol for requesting MRC volunteers beyond this jurisdiction.
